# > HELPING BUSINESS GET BACK TO WORK

manager / look after once Registrations are finalised.

Older age groups will only be assistance of the Age Manager and if they require help will be based on case by case. If an Age manager is away, they will assign /coordinate with another parent to cover up the duties for the day.

If any Parent has child who has special needs (medical/ physical) and require supervision they would contact the Age Manager and they would be accounted for each week in the Numbers.

This will help reduce the number of parents on ground each day so we can have more kids participating.
