Parent Help Protocols

KLAC has the following Parent Helper Protocols:

Parent helpers register their interest online using Signup Genius prior to Saturday's Competition, identifying the activity they will fulfil on the day (age group helper, registration, set-up, pack-up, BBQ, Canteen).

Parent helpers register using the QR Code

Parent helpers have their temperature taken at time of registration

Parent helpers are supplied with a coloured bib to wear during competition

Parent helpers are allocated an age group to remain with that age group as they complete their programme of events

Parent helpers will leave the oval when all events have been completed and return their bib to the bucket.

Age Managers will determine the number of parent helpers they need to manage/look after.

Older age groups will only be assisted by the Age Manager. If they require parent help it will be only on a case by case basis.

If an Age Manager is away, they will assign/coordinate with another parent to cover the duties for the day.

If any parent has a child with special needs (medical/physical) that requires supervision they are to contact the Age Manager to be included in the parent help for the day.

It is anticipated that this will help reduce the number of parents on ground each day so we can have more kids participating.
